Edda Claus, Iris Claus : A Collection of Surveys on Savings and Wealth Accumulation (Surveys of Recent Research in Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Collection of Surveys on Savings and Wealth Accumulation (Surveys of Recent Research in Economics):

In this collection of critical surveys the reader is provided with a range of up-to-date work from some of the leading scholars in the area, writing on private and public sector aspects of savings and wealth accumulation. A survey of

savings and wealth accumulation which are important dimensions of research and policy debates; Discusses the measurement of genuine savings and sustainability, the estimation of wealth inequality, and recent developments in consumer credit and defaults Evaluates the impact of student loans on financial well-being, people's retirement decisions, and the impact of pension reform Considers the distribution of wealth across generations and the importance of accurately measuring government debt, the rise of sovereign wealth funds and Islamic banking and finance

From the Back Cover Savings and wealth accumulation are important dimensions of research and policy debates. In the collection of critical surveys presented in this edited volume, the reader is provided with a range of up-to-date work from some of the leading scholars in the area, writing on private and public sector aspects of savings and wealth accumulation. The volume discusses the measurement of genuine savings and sustainability, the estimation of wealth inequality, recent developments in consumer credit and defaults, the impact of student loans on financial well-being, people's retirement decisions, and the impact of pension reform. It considers the distribution of wealth across generations and the importance of accurately measuring government debt, the rise of sovereign wealth funds and Islamic banking and finance. The collection will be of interest to academics, governments and policy makers, industrialists and anyone interested in critical insights into savings and wealth accumulation.

About the Author Edda Claus is an Assistant Professor at Wilfrid Laurier University (WLU) and a Research Associate with the Centre for Applied Macroeconomic Analysis (CAMA) at the Australian National University (ANU). Prior to joining WLU, Edda was a Research Fellow at the University of Melbourne. She was a Post-doctoral Research Fellow in Finance at Trinity College Dublin and a visiting PhD Scholar at Cambridge University, United Kingdom. She has also worked as an Economist with the Australian Commonwealth Treasury and the Canadian Department of Finance. Iris Claus is the Macroeconomic Advisor at the Pacific Financial Technical Assistance Center of the International Monetary Fund in Fiji. She previously held policy and research positions at the Asian Development Bank, the New Zealand Inland Revenue, the New Zealand Treasury, the Reserve Bank of New Zealand, and the Bank of Canada. She is on the editorial boards of the Journal of Economic Surveys and Asian Economic Papers and Senior Fellow at the University of Waikato, New Zealand.
