**Maria Bargh : A Hidden Economy: Maori in the Privatised Military Industry** before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Hidden Economy: Maori in the Privatised Military Industry:

This book explores the ways that Maori in the privatised military industry contribute in monetary and non-monetary ways to the Maori economy. Workers in the privatised military industry very rarely, if ever, give interviews about their

work or details about their pay. However, this book includes five interviews with Maori who have worked or are still working in the privatised military industry and explores how they articulate themselves as Maori in the industry, giving a glimpse at this secret world and how Maori operate in it.
