Richard Edwards, Trevor Boyns : A History of Management Accounting: The British Experience (Routledge New Works in Accounting History) before purchasing it in order to gage whether or not it would be worth my time, and all praised A History of Management Accounting: The British Experience (Routledge New Works in Accounting History):

There is growing interest in the history of accounting amongst both accounting practitioners and accounting academics. This interest developed steadily from about 1970 and really 'took off' in the 1990s. However, there is a lack of texts dealing with major aspects of accounting history that can be used in classrooms, to inform new researchers, and to provide a source of reference for established researchers. The great deal of research into cost and management accounting in Britain published in academic journals over the last twenty years—including the authors' own contributions—makes *The History of Cost and Management Accounting* an essential contribution to the field.

Winner of the Barbara D. Merino Award for Excellence in Accounting History Publication from the Academy of Accounting Historians, 2014
About the Author
