Joosr : A Joosr Guide to... The \$100 Start-Up by Chris Guillebeau: Reinvent the Way You Make a Living, Do What You Love, and Create a New Future before purchasing it in order to gage whether or not it would be worth

my time, and all praised A Joosr Guide to... The \$100 Start-Up by Chris Guillebeau: Reinvent the Way You Make a Living, Do What You Love, and Create a New Future:

1 of 1 people found the following review helpful. Five StarsBy McLarenNot as good as the 4 hour work week, but it's a decent read. It gives you a lot of techniques about how to price, research a product, how to market your product. It goes through a lot of case studies and drives home a point using the startup as an example. It is much better to see how a simple change of words on a product's description helped a business increase sale rather than just studying the theory without an example. If you are new to being an entrepreneur, I recommend that you read this book. 1 of 1 people found the following review helpful. This was a great, inspiring read to see how so many people ...By Dave MoThis was a great, inspiring read to see how so many people changed their lives in unconventional and unexpected ways. It was also interesting that it described my process of becoming an Airbnb host in the early days, I was one of the first 25 hosts in my city. I wasn't sure if I would get any guests so I waited until I got my first reservation, and then bought new linens and towels to spruce my place up. But that's pretty small potatoes compared to the average success story in the book. In fact, my friends found this book so interesting that one of them stole it from me! 0 of 0 people found the following review helpful. Some great ideas in hereBy Sean B. Some great ideas in here. I needed some inspiration to ramp up a side hustle and I was able to find it with this book.

In today's fast-paced world, it's tough to find the time to read. But with Joosr guides, you can get the key insights from bestselling non-fiction titles in less than 20 minutes. Whether you want to gain knowledge on the go or find the books you'll love, Joosr's brief and accessible eBook summaries fit into your life. Find out more at joosr.com. Why spend most of your life working for other people, endlessly slaving away and trapped in a dull routine, when you could be using that time to realize your dreams? It's possible for you to turn your greatest passions into profit, and The \$100 Start-Up is here to show you just how to do this. All over the world, people are following their passions to create a new kind of start-up known as a "microbusiness." These businesses operate on an extremely small scale, and are built around using an individual's skills or interests to generate money in a meaningful way. Discover how to create a microbusiness of your own, how to attract and retain customers, and how to keep earning the money that will give you the freedom you've always desired. You will learn: How to work out which of your passions and skills are profitable; Why your first sale needs to be made as quickly as possible; How to increase your revenue without increasing your workload.
