From Atlantic Publishers and Distributors Pvt Ltd : Accounting: Studies in Global Business before purchasing it in order to gage whether or not it would be worth my time, and all praised Accounting: Studies in Global Business:

The book is based on the proceedings of International Conference on Global Business Research (special reference to Human Resource, Banking and Accounting), and it intends to highlight all the relevant issues of accounting with special reference to global business research. The book consists of relevant, authoritative and thought-provoking articles written by prominent academicians and research scholars. These articles are organized in a sequential and logical way that makes reading continuous, and helps the reader acquire a holistic view of accounting. This also enables the readers stretch their thoughts beyond the content of the book. The book is much helpful to executives, research scholars, academicians and students of professional programmes on mathematics and global business. A wide variety of articles relating to IFRS, XBRL, performance measurement, carbon credit accounting, and stock market, etc.

are included in the book.
