**Peter J. Eisen : Accounting the Easy Way (Easy Way Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Accounting the Easy Way (Easy Way Series):

0 of 0 people found the following review helpful. Good Book.By Johnny OINice.0 of 0 people found the following review helpful. Very HelpfulBy WondererI am taking a online Accounting Fundamental course. I searched the internet before my course started and found this book in my search. This book was helpful for the accounting course. Some of the information in this book pertain to Accounting Fundamentals and some information pertain to the Accounting Fundamentals II course which I plan to take when finished with the first course. The price and condition of this book was good. I would recommend this book to someone.0 of 0 people found the following review helpful. Three StarsBy SpeedlearnerIt never covered the topic of Interim Balance Sheets.

Useful as either a self-teaching guide or a supplement to classroom textbooks, this book presents the fundamentals of accounting, starting with the accounting equation, then explaining financial statements, recording daily business transactions, using special journals, accounting for receivables and payables, and accounting for assets, inventories, and payroll from the viewpoint of a sole proprietorship form of business. Final chapters cover partnership and corporate accounting. Within every chapter, self-testing exercises follow each topic with detailed solutions presented at the back of the book. Barron's Easy Way books focus on both practical and academic topics, presenting fundamental subject matter in clear, understandable language. Equally popular as self-teaching manuals and supplementary texts for classroom use, they are written to help students improve their grades and review subject matter before tests. They are also useful for introducing general readers to a new career-related skill. Easy Way titles cover virtually all subjects that are taught on advanced high school and college-101 levels. Subject heads and key phrases are set in a second color.
