review helpful. It's OK, but..By Richard Reed Jr.I enjoyed reading this book. However I had some problems.First of all, I like how Mr. Booker hammered home about how there are no trading shortcuts. Plus I also liked that the psychological issues of trading were addressed.But the book is too expensive for all it contains. Plus I would rather the main character have a real mentor and not a magical one.I'm reminded of The Greatest Miracle by Og Mandino. Only Og Mandino's book is far superior (and cheaper) than Rob Booker's. If you want to read a fictional story about trading that is also educational, read Reminiscences of a Stock Operator. It is cheaper and semi-biographical of a real life successful trader, Jesse Livermore.0 of 0 people found the following review helpful. Entertaining readBy MauricioVery interesting read. Teaches you to day trade through an entertaining story. If you don't use it to day trade, at least you get entertainment value out of it.

Praise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read! Rob has done it once again to teach us in the funniest way possible how not to make the most common trading mistakes. If you are tired of reading how-to books, this is perfect for you. I highly recommend this book to all traders. Everyone will learn something about themselves by reading this book." mdash;Kathy Lien, author, Day Trading the Currency Market, and Chief Strategist, www.dailyfx.com "Adventures of a Currency Trader is a must read for anyone who has ever traded or is thinking about trading in the Forex markets. Rob Booker has a unique way of taking years of market knowledge and transforming it into an educational and entertaining experience. It has quickly become a cult classic in my trading library!" mdash;H. Jack Bouroudjian, Principal, Brewer Investment Group "Brilliant! Rob's humor and humanity shine through in this parable about trading and life. Filled with wisdom and wit, it's an exhilarating rollercoaster ride through the peaks and valleys of the learning curve, with many valuable lessons learned along the way." mdash;Ed Ponsi, President, FXEducator.com "Rob's fable of everyman 'Harry Banes' is destined to become a trading classic. This is both the missing piece and the foundation that comes before the strategies and methodologies. The search for the Holy Grail begins and ends in the heart and mind. The journey is authentic and real and if you're willing to take it with Rob, you will be rewarded in the end. Seldom has psychology and wisdom been so entertaining!" mdash;Raghee Horner, trader and author of Forex Trading for Maximum Profit andnbsp; Days of Forex Trading "In a series of insightful and entertaining vignettes, Rob Booker teaches both the novice and the experienced trader some hard won truths about the currency market. It's a must read book written by a guy who survived the trenches and went on to prosper in the biggest and most competitive financial market in the world." mdash;Boris Schlossberg, Senior Currency Strategist, Forex Capital Markets LLC, and author of Technical Analysis of the Currency Market

"hellip;you will find this book riveting and occasionally amusing, but nothing less than eye-opening." (Securities Investment review , June 2007)From the Inside FlapLet author Rob Booker introduce you to Harry Banes. Harry represents every trader. He doesn't start trading with a huge amount of money, and his ambition is larger than his ability. His financial situation and life as a new trader may be difficult, but his determination allows him to prevail in Adventures of a Currency Trader. ? Funny, entertaining, and, above all, educational, Adventures of a Currency Trader demonstrates exactly what it takes to capitalize on today's volatile and potentially profitable foreign exchange markets. Told through the eyes of a fictional character by the name of Harry Banesmdash;an aspiring trader who works as a filing clerk in a busy New York law firmmdash;Adventures of a Currency Trader explains in a powerful and compelling manner how you can implement a consistent trading approach in the foreign currency market and become a financially independent currency trader in the process. There's a little bit of each of us in Harry Banes, and as the story progresses, you'll discover how to turn the lessons outlined in this book into potentially profitable trades. Harry admits early on that he's a rookie trader, which won't adequately prepare you for how bad he really is. But we'll stand by him as he picks himself up from early disappointments and begins to implement the wise counsel of a veteran tradermdash;Harvey Winklesteinmdash;who agrees to mentor him. From Harry's experiences, you'll learn how to recover from disastrous losses, set yourself up as a full-time trader, and talk to loved ones about what you're doing. But that's not all. Through Harry's numerous journeys, you'll also discover how to create reliable charts, perform the proper type of analysis, and make effective trades. Most importantly, you'll learn how to generate substantial profitsmdash;and keep them. Both technical and motivational in nature, Adventures of a Currency Trader is a unique guide to trading that will provide you with a solid foundation in this field. Filled with hard-won wisdom borne of real trading experiences, Adventures of a Currency Trader is destined to become a classic of trading literature.From the Back CoverPraise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read!
