David Fick : Africa: Continent of Economic Opportunity before purchasing it in order to gauge whether or not it would be worth my time, and all praised Africa: Continent of Economic Opportunity:

Divided into geographic regions and representing every African nation, this comprehensive collection of case studies explores how successful business enterprises of varying size, along with community projects, help to create jobs in Africa. A valuable guide to conducting business anywhere on the continent, this account also offers information on finding business opportunities and handling oft-encountered problems.

"A glowing portrayal of some of the entrepreneurs 'who have succeeded' in amassing 'wealth and fame in business' throughout the length and breadth of Africa. . . . One cannot help but commend Fick for taking a bold step."nbsp;
