**Michael Sincere : All About Market Indicators (All About Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised All About Market Indicators (All About Series):

3 of 3 people found the following review helpful. A must read for market beginners!By PICOCExcellent book written for average Joe. He presents the reader with the vast variety of indicator options along with pros and cons for each and lets you figure out which one suits YOU best.4 of 4 people found the following review helpful. Worth readingBy

Willie A. Almillia Honolulu Hawaii Author of the book is Michael Sincere and the book is written so easy to understand. I found out, all books of Michael Sincere are all the same; full of information, Each Chapter that is so vividly explained. 2 of 2 people found the following review helpful. Good Book By James W. Head Lots of great information about market indicators to aid in reading the market.

Why did professional trader and Market Wizard Linda Raschke move completely out of the stock market three days before a major crash? And what motivated Fred Hickey, Barron's Roundtable participant and editor of a monthly investment newsletter, to send out an alert to his subscribers three months before an October crash? And why did economist Bernard Baumohl recommend going long in the midst of one of the greatest recessions since the Great Depression? Is it luck or is it really possible to forecast what the market will do next? By the time you finish All About Market Indicators, you'll have an answer.
