James Olson, Abraham Mendoza : American Economic History: A Dictionary and Chronology: A Dictionary and Chronology before purchasing it in order to gauge whether or not it would be worth my time, and all praised American Economic History: A Dictionary and Chronology: A Dictionary and Chronology:

Covering figures, events, policies, and organizations, this comprehensive reference tool enhances readers' appreciation of the role economics has played in U.S. history since 1776.bull; Emphasizes an understanding of economics rather

than of history that happens to touch on an economic event bull; Opens with an overview that succinctly outlines U.S. economic history, preparing the reader to better understand and use the dictionary entries bull; Provides comprehensive, integrated backgrounds on the most important innovations in U.S. economic history bull; Gives readers a full picture of economic developments in the new economy by covering subjects such as the growth of Silicon Valley during the information revolution of the late 20th and early 21st centuries bull; Ties people, places, and issues to innovations, helping students put technological change into a broader context
