**Rudi R. Volti : An Introduction to the Sociology of Work and Occupations** before purchasing it in order to gage whether or not it would be worth my time, and all praised An Introduction to the Sociology of Work and Occupations:

0 of 0 people found the following review helpful. Four StarsBy CustomerThe book was excellent3 of 3 people found the following review helpful. Excellent InsightBy Derek BishopThe author of this book really provides an excellent insight to the inner workings of current workforce in the world. Introduces various sociological concepts to help understand the nature of work and occupations. Easy read and very thorough.1 of 2 people found the following review helpful. A good readBy Nathan VenturiniBought for auditing a class, still own it. A good intro read.

The Sociology of Work and Occupations, Second Edition connects work and occupations to the key subjects of sociological inquiry: social and technological change, race, ethnicity, gender, social class, education, social networks, and modes of organization. In 15 chapters, Rudi Volti succinctly but comprehensively covers the changes in the world

of work, encompassing everything from gathering and hunting to working in today's Information Age. This book introduces students to a highly relevant analysis of society today. In this new and updated edition, globalization and technology are each given their own chapter and discussed in great depth.

The discussion of jobs, human capital, and credentials is practical and engaging! --Deborah Barnes-Drummond (04/27/2011)" The book's strengths are the depth of historical analysis punctuated by statistics and relevant references, its nice, easy-to-read flow, and its subtle sense of humor. Volti's book covers all the important aspects of work. ""--Elena Gabor (04/27/2011)" I really appreciate the fact that Volti's text is well-written and very accessible to undergraduate students. --Judi Kessler (04/27/2011)""In 15 chapters, Rudi Volti, succinctly but comprehensively covers the changes in the world of work, encompassing everything from gathering and hunting to working in today's Information Age."--SirReadaLot.org/SirReadaLot.org" (12/01/2011)" The discussion of jobs, human capital, and credentials is practical and engaging! --Deborah Barnes-Drummond (04/27/2011)" The book's strengths are the depth of historical analysis punctuated by statistics and relevant references, its nice, easy-to-read flow, and its subtle sense of humor.
