before purchasing it in order to gauge whether or not it would be worth my time, and all praised Asia Economic Monitor: July 2011 (Asian Economic Integration Monitor):

The Asia Economic Monitor is a semiannual review of emerging East Asia's growth and policy issues. It covers the 10 members of the Association of Southeast Asian Nations; People's Republic of China; Hong Kong, China; Republic of Korea; and Taipei, China. This issue includes a special section on managing commodity price volatility and inflation in

emerging East Asia.
