V. Cousin : **Banking in China: Second Edition (Palgrave Macmillan Studies in Banking and Financial Institutions)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Banking in China: Second Edition (Palgrave Macmillan Studies in Banking and Financial Institutions):

Chinese banks have been making headlines recently, but what lies beneath? Banking in China appears different. What explains the current arrangement? What can we expect from such a banking industry in the future? This book answers these two questions in a fully revised second edition and contributes to a new understanding of Chinese banks.

'This book offers an in-depth analysis of the Chinese financial sector.' - Efmag (Finance, Marketing Distribution Magazine) About the Author VIOLAINE COUSIN currently based in Germany and has extensive experience as a credit analyst. Previously, she worked with second-tier Chinese banks to upgrade their credit risk management and is thus well acquainted with the Chinese banks' environment and challenges.
