Hill With many self-help resources available for purchase, aside from the law of success : The master wealth - builder's complete and original lesson plan for achieving your dreams, the master key to riches is the perfect combination. 4 of 4 people found the following review helpful. Valuable Insights into the Mind By Edward J. Barton If you are unfamiliar with Napoleon Hill. I think it is worth a quick "warning" that the material is getting to be nearly 100 years old, and the style is sometimes a bit dated. Additionally, like many self-help types, there is a touch of New Age influence and feel good platitudes. Why recommend it then? Very simply, I believe Hill has the formula right. Distilled down, his focus is on willpower, self-discipline and proper attitude. Truly what you think and truly believe you can achieve. He talks about the 8 princes (or angels, patron saints, or cosmic forces if you are New Agey) - like the Prince of Sound Health, or Sound Mind. He talks on the 12 true riches - such as good health, prosperity and faith. But at the end of the day, the keys are willpower, self-discipline and proper attitude. Follow the philosophy and it will help attain those things - and free you to achieve great things.

Discover how to open your mind to success and wealth! Written by the author of the self-help classic Think and Grow Rich, this easy-to-read guide to personal achievement is based on the principles behind the success of Andrew Carnegie, Henry Ford, Thomas Edison, and other 20th-century tycoons. Millions of readers around the world have adopted its philosophy to attain career advancement, improve friendships and business relationships, build monetary wealth, and lead richer, fuller lives. These principles can be applied by anyone of any age, regardless of occupation or economic circumstance.

"During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. This amazing philosophy, culled from the success experiences of hundreds of the world's most powerful and wealthy men, will show you how to succeed in any walk of life.
