Innovative Advice About Finances and Life From a Masterful Storyteller By Bill Lampton, Ph.D. [[VIDEOID:dc0276e2f037b71cce53b59c2b9a9a9]] More than once in this book, Beau Henderson says that achieving the Rich Life is an "inside job"--meaning inside our mind set. He shares with readers the fiscal philosophy he has advocated for the hundreds who have become his clients, heard his popular radio show, and attended his seminars. Rather than considering money the most significant factor in measuring success in business and life, he labels dollars of any denomination "dead presidents on paper." The Rich Life's vantage point:

Money is not an end in itself, but a tool designed to help us serve others with greater impact. Near the end of the book you'll benefit from his advice on choosing a financial adviser, as well as his tips for keeping your mind, body, and spirit refreshed. I encourage you to purchase this book today. Share it with your loved ones, and then schedule frank, constructive family discussions about how you can improve what Henderson refers to as your "stewardship" of your assets. 0 of 0 people found the following review helpful. **Extraordinary Insight Into Financial and Life Stewardship** By Songbird Beau Henderson provides readers with extraordinary insight into financial stewardship and changing the way we view money and investments. In this inspiring book, Beau bridges the gap between our connections with money and defining our own definition of a Richlife. One of the highlights is where Beau demonstrates that money is not the "end all" but is simply a tool to allow us to serve others and living a Richlife is not about solely about accumulating monetary wealth but it is living a life of purpose. Through sound principles such as the Hard/Easy principle, Beau gives us tactical methods to create solid investments in our finances and relationships while attaining the peace of mind we all seek. Each chapter gives the reader Action Steps and Take-Aways to help you create a concise plan and new direction. If you are searching for financial wisdom in investing and want to start making steps towards a more fulfilled life, this book will provide you with the tools you need to build your own Richlife. 1 of 1 people found the following review helpful. **A manual for a better more fulfilling life: spiritually, financially and physically.** By Kathy I wanted to read this book to better learn how to plan for retirement. I was surprised that it wasn't all about money. It gave suggestions for ways to make other aspects of life better too. It's interesting enough to stick with it through to the end. What really resonated with me is that I can work hard now to make the future easier or if life is easier now it's certain to be hard later.

Do you have enough money? Are you taking care of your family? Do you know what to do with the money you have? Are you rich? The truth about money might surprise you. The answers to these questions will challenge you. Financial Advisor and Certified Success Coach, Beau Henderson has a fresh new approach to wealth creation and investing.
