**From Harvard University Press : The Road from Mont Pegrave;lerin: The Making of the Neoliberal Thought Collective, With a New Preface** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Road from Mont Pegrave;lerin: The Making of the Neoliberal Thought Collective, With a New Preface:

2 of 2 people found the following review helpful. Wonderful volume of information delivering insight into the history

and ...By Stephen Pike Wonderful volume of information delivering insight into the history and development of the neoliberal utopian ideas coming out of the Chicago school of economics. Essential reading for anyone interested in the current political and economic confusion. Well researched and well presented.

What exactly is neoliberalism, and where did it come from? This volume attempts to answer these questions by exploring neoliberalism's origins and growth as a political and economic movement. Now with a new preface.

The volume's contributors make heavy use of original archival materials and make good on the editor's promise to expose the complexity, nuance and plurality of neoliberal thought--a belief system that has constructed and re-constructed itself and the world...The Road from Mont Pègave;lerin is indispensable for anyone wishing to gain an understanding of neoliberalism, whether as an end in itself or as a means for constructing alternative, non-neoliberal futures. (Daniel Kinderman Critical Policy Studies 2010-07-01)The Road from Mont Pègave;lerin reminds us that social movements succeed by drawing in many others who undertake the work that actually drives the movement forward. The book is full of stories of those individuals and related organizations that formed strategies, carried out the logistics and legwork, and brought legislators and others into contact with [Mont Pègave;lerin Society] ideas. In other words, if you work on post-war history of economics, there is almost no reason not to read this book. (Ross B. Emmett Journal of the History of Economic Thought 2011-03-01)About the AuthorPhilip Mirowski is Carl Koch Professor of Economics and the History and Philosophy of Science at the University of Notre Dame. Dieter Plehwe is a Senior Fellow at the Social Science Research Centre Berlin.
