**Steve Shipside : The Way to Wealth (Infinite Success)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Way to Wealth (Infinite Success):

6 of 6 people found the following review helpful. Advice still valid!By PMgalBenjamin Franklin's wisdom has certainly stood the test of time. I find it comforting that, in spite of all the current advice, his words are still true and appropriate for all.0 of 0 people found the following review helpful. Love FranklinBy bdnaymanReading Franklin is always a pleasure, his writing grabs your attention and makes you want to read more. I enjoy reading the founding fathers as, I feel that it gives incite and context to the times and situations that they were faced with, before and after the revolution.0 of 0 people found the following review helpful. Good quick read.By Jimmy boyGood message in the story, hard to understand at times because of the dialect used.

Since the first publication of "The Way to Wealth" in the 1750s millions of aspiring entrepreneurs have used Benjamin Franklin's advice to create and maintain profitable businesses. Many of its maxims and proverbs have become part of

the fabric of western society: "Early to bed and early to rise makes a man healthy, wealthy and wise...Nothing but money is sweeter than honey...If you would have your business done, go; if not, send...Creditors have better memories than debtors." Franklin died a hugely wealthy man and he is still listed in the Wealthy 100: The 100 Wealthiest Americans in History. Here Steve Shipline interprets Franklin's text for the modern day. Steve Shipline's interpretation is not a substitute for the original; its purpose is simply to illustrate the timeless nature of Franklin's insights by bringing them to life through modern personal finance case studies. This brilliant interpretation of "The Way to Wealth" is an entertaining accompaniment to one of the most famous books ever written.
