Must have resource if you do trainingBy John G. VincentIf you do workshops or seminars (bigger workshops) this book is FILLED with step by step excercises, drills and activities to reinforce the subject while forcing effective interaction. You simply just must have it to use when building your day out. REALLY REALLY helpful!JGV[...]0 of 0 people found the following review helpful. It lived up to my expectationsBy Karlene Hamilton-ReidThe book is comprehensive and very practical. I will be able to use it in the different roles that I play in different spheres of my life.

This book has more ideas on how to add involvement in learning than any one trainer could ever use. Your students and workshop participants will increase their understanding and retention when you design training activities using

'The Winning Trainer'. This updated and expanded edition is richer than ever before. It provides: * more than 100 ready-made handouts, learning instruments, and worksheets... all you do is photocopy * numerous examples, model dialogues, and sample answers * hundreds of exercises, games, puzzles, role plays, icebreakers, and other group-in-action techniques * samples of each technique and ways to effectively use them * advice on subjects such as unwilling participants, use of the outdoors, breaks, program endings, and storytelling Significant new additions to the book include materials on the following topics: * new, easier to accomplish approaches to evaluation - ROE (Return on Expectations) and Customer Satisfaction as a business indicator * a methodology to secure group feedback at the end of the program, concerning the trainer/facilitator's role and participation in the course * an instrument for the early screening of likely obstacles when transferring training * added techniques to ensure that training transfers to the job * a demonstration of how to conduct a quick assessment of needs when under pressure to do so * keys to successful training in other cultures * several new instruments including how to assess one's prowess as a facilitator, how to assess trust in a team, and how to measure one's CQ (creativity quotient) Two new chapters have been added to treat new material on intelligence and learning, principles of adult learning and distance learning. In addition, numerous new group-in-action techniques and conceptual materials have been added to the existing chapters. This is the one-stop source book every trainer needs.
