**Roger Fritz : Think Like a Manager, 3rd ed.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Think Like a Manager, 3rd ed.:

0 of 0 people found the following review helpful. If you're new to management, buy this book!By Michael PaladiniThis is an excellent book for any new manager. It has useful questionnaires and exercises for you to determine your management style versus how you should be managing your employees. Most books of this type are filled with the usual fluff about "being a leader", "time management", but don't actually offer any solutions. This book excels in that regard.0 of 0 people found the following review helpful. Five StarsBy Pradeep ChandranaLovely book0 of 1 people found the following review helpful. very educatingBy StaceyI've been reading this book quite a bit and as new manager, I'm finding new ideas and suggestions from this book that the owner has not taught me. It may take awhile

for me to sink in everything but I may have to read it a couple of times.

"Think Like a Manager, now in its Third Edition, shows you how you can acquire the management skills and instincts you need to excel. More than a management theory book, Think Like a Manager is a practical, nuts-and-bolts guide that will help you become a better manager by: -Establishing and meeting realistic goals and objectives.-Developing planning and time-management skills.-Mastering the secrets of motivating yourself and others.-Giving performance appraisals that improve productivity and increase morale.-Building teamwork and cooperation.-Solving everyday crises that every manager faces.Think Like a Manager is ideal for all managers, executives, and entrepreneurs who want to develop their skills to the highest degree.
