Stewart D. Friedman : Total Leadership: Be a Better Leader, Have a Richer Life before purchasing it in order to gauge whether or not it would be worth my time, and all praised Total Leadership: Be a Better Leader, Have a Richer Life:

1 of 1 people found the following review helpful. This book is a well deserved classic. By Morra Aarons Friedman offers the most human and real life version of concocting the right career and life in general. Unlike most leadership authors, he understands that success at work is totally connected to happiness at home, understanding your personal story, your motivations, etc. 0 of 0 people found the following review helpful. Five Stars By michelle kLove this book.

A new way for me too look at leadership.0 of 0 people found the following review helpful. Five StarsBy
ubumonExcellent discussion of practical strategies for improving your leadership skills and life goals.

Now more than ever, your success as a leader isn't just about being a great business person. You've got to be a great person, performing well in all domains of your life -- your work, your home, your community, and your private self. That's a tall order. The good news is that, contrary to conventional wisdom about "balance," you don't have to assume that these domains compete in a zero-sum game. Total Leadership is a game-changing blueprint for how to perform well as a leader not by trading off one domain for another, but by finding mutual value among all four. Stew Friedman shows you how to achieve these "four-way wins" as a leader who can: Be real: Act with authenticity by clarifying what's important Be whole: Act with integrity by respecting the whole person Be innovative: Act with creativity by experimenting to find new solutions With engaging examples and clear instruction, Friedman provides more than thirty hands-on tools for using these proven principles to produce stronger business results, find clearer purpose in what you do, feel more connected to the people who matter most, and generate sustainable change. Most leadership development books focus only on your professional skills, while books about personal growth concentrate on your needs beyond work. Total Leadership is a unique and long-awaited resource that shows how to win in all domains of life. From the Book Jacket In the future, being a leader will require ways to integrate work with the rest of one's life, resulting in more effective leadership and a more fulfilling life. nbsp; Total Leadership points the way.-- Robert Reich, Professor, University of California at Berkeley, former US Secretary of Labor, and author, Supercapitalism
