Michael Sincere : Understanding Stocks 2E (Business Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Stocks 2E (Business Books):

1 of 1 people found the following review helpful. 5 Star Absolute Must ReadBy CustomerEven if you are not a beginner in the world of stocks this book is a fantastic read. Mr. Sincere gives an insight into certain indicators that he believes when combined towards your goals can create a tailor made strategy for any type of investor. His book gives you the tools to develop risk management techniques and gives an insight as to why the minority of investors succeed and the majority fail to hit their goals. In the book he gives his email that he will respond to in less than 48 hours

during the week. I spoke with Michael after reading this book and he gave great responses to all questions I had from what I had read. After reading this book purchasing his book about options was a no brainer. MUST READ!!! 1 of 1 people found the following review helpful. Good book By ESB This book covers the basics and prepares the reader to learn more deeply about specific investment strategies. 1 of 1 people found the following review helpful. Good advice and a good read. By Kindle Customer I would recommend this book to those who are looking for a good basic understanding of investing in stocks and some strategies to get started. I found Michael Sincere's style to be engaging with a good perspective of the risks and rewards in investing. Now that I have a better understanding of some investing basics, I look forward to reading other books he has written on stocks and investing to further my understanding.

Revised and updated--the new edition of the stock investing classic is packed with powerful new strategies for today's market realities. *Understanding Stocks, Second Edition* teaches you how to open an account, evaluate stocks, and make trades. New chapters include short selling, ETF strategies, how to profit in bull and bear markets, how to use market indicators, using index funds, alternative investments, and new stock strategies. Also included are interviews with William O'Neil and John Bogle.

About the Author Michael Sincere is the author of *Understanding Options* (McGraw-Hill, 2nd edition), *All About Market Indicators* (McGraw-Hill), *Understanding Stocks* (McGraw-Hill, 2nd Edition) and *Start Day Trading Now* (Adams Media). Sincere has written numerous columns and magazine articles on investing and trading. He has also been interviewed on dozens of national radio programs and has appeared on financial news programs such as CNBC and ABC's *World News Now* to talk about his books. In addition to being a freelance writer and author, Sincere writes a column for *MarketWatch*, "Michael Sincere's Long-Term Trader." You can visit the author's website and blog at michaelsincere.com. Using indicators and personal observations, each week he writes about the market's next move.
